MUTINIOUS SAILORS

to Surrender to Czar's Troops at Sebastopol.

LIFE REPORTED HEAVY

ached Battle Between the Soldiers of the Forts and the Sailors of the Ships, the Latter Were to Surrender.

Sebastopol, Dec. 1.—Sebastopol was the scene of a desperate battle between the mutinous sailors and the troops in the forts on the coast.

The battle the town and the forts were bombarded by the guns of the Otchakoff, which lies a short distance off Admiralty point, its guns with shells and its flag—emblem of revolution hauled down.

Of the crew of the Otchakoff only a few were left.

According to one report the battle was carried by the mutineers was carried by the mutineers, which have numbered ten vessels, and the whole position in the hands of the troops, under the command of General Nepluchayev.

to the interruption of the telegraphic communications, but according to the naval authorities, the battle was fought by the troops off shore, who were on Otchakoff, which was displaying the red flag. The commander of the Otchakoff, Lieutenant Schmidt, immediately accepted the terms of the mutineers, and the battle was ended.

relying with both batteries trained on the town and the fort Alexander batteries on the shore.

Zilotti, aide de camp to Admiral Zhelezovsky, chief of the naval forces, that the latest dispatches from Sebastopol showed that the Otchakoff was on fire and badly damaged with its revolutionary colors down, but he was unable to give further information.

ing to a more detailed report from another source, and, purported to come from the admiralty, the battle began at 3 o'clock in the afternoon, when Lieutenant Schmidt, replying to the demands of the mutineers, opened fire from a battery of ten ships, to which the north batteries at Fort Alexander, and several batteries on the shore and several batteries which remained loyal, replying to the demands of the mutineers.

the naval battle the sailors were entrenched in the barracks and their positions with machine guns and rifles against the attacking troops.

an engagement lasting two and a half hours, with the Otchakoff on fire, and the cruiser Daria another vessel sunk, Lieutenant Schmidt who had been badly wounded, surrendered the entire fleet. The mutinous sailors on shore were ordered to the Brest and Bielostok forts.

ing to this report, the Pantel, formerly the Kalas Potemkin, was below the water line, and the boat is ashore on the rocks. Details of the casualties or of the damage suffered by the town are not known by the admiralty, but, owing to the confined space in which the battle was fought, it is improbable that the town escaped without heavy damage.

demands of the mutineers are being included, besides the 15,000 men dealing with service conditions, the convocation of a constitutional assembly, and the complete realization of the liberties promised by the manifesto.

at Degrees Below Zero. St. Paul, Minn., Dec. 1.—United States weather observer Williams reports severe temperatures for St. Paul tonight. The cold in the northwest is Helena where the mercury registered 20 below zero today.

THANKSGIVING CELEBRATIONS.

Program in New York Is More Extended Than Ever Before.

New York, Dec. 1.—The Thanksgiving day program for this city is possibly more extended than ever before. An unusually large number of religious meetings will be held. There will be numerous dinners where the poor may eat their fill of turkey and mince pie. The lovers of athletic sports will have an opportunity to witness football games, cross country running and various other contests. The weather prophecy is for a fair day, but decidedly colder.

One of the largest meetings of the day will be a Carnegie ball this afternoon, when there will be a celebration of the 250th anniversary of the settling of the Jews in the United States. Among the many speakers will be former President Grover Cleveland, Governor Higgins and Bishop Co. adjutor Greer.

The latest arrivals in the United States will taste of America's Thanksgiving Day hospitality for a big dinner served at the United States immigration station at Ellis Island.

At the Ludlow street jail Sheriff Erlanger will entertain the prisoners at the second Thanksgiving dinner given by him.

Four thousand persons in this city will receive their dinners today from the Episcopal city mission society. Five hundred bags, each containing a turkey and the conventional accompaniments were sent out yesterday.

More turkeys have been sacrificed in the Metropolis than ever before. This morning find 410,000 turkeys in thousands of refrigerators on these islands. The turkeys have come from all directions and have been sold at all sorts of prices from 16 to 30 cents per pound.

Knocked from Train and Killed.

Cincinnati, O., Dec. 1.—Two young men, thought to be brothers and college students, of Indianapolis, Ind., beating their way to this city on a hark, were knocked from the top of a Big Four passenger train at the Carr street bridge and instantly killed. Both were horribly crushed and mangled, the limbs of each being dismembered. Their bodies were taken to the morgue and the authorities made an effort to establish their identity, as the appearance and large amounts of money found in the victims' pockets, with letters, leads to the belief that they belonged to a prominent family. One of the men is thought to be L. C. Stemple, of Indianapolis, as a letter was found in his pocket with this name and address, and the other victim resembled him so much the police think he is a brother.

Five Injured in Auto Accident.

Birmingham, Ala., Nov. 30.—Five well known men escaped death by almost a miracle in a sensational automobile accident which occurred on the Ensley road, 2 miles from here. The car failed to take a curve while going down hill at its maximum speed and its five occupants were thrown out. Deputy Criminal Clerk John R. Abbott, who owned the car, was steering and fell under it. He is seriously, but not fatally hurt. The other occupants, all of whom were badly bruised and several of whom will be confined to their beds several days were Adjutant General W. W. Brandon, of Montgomery; Criminal Court Clerk John Bradley, R. N. Wheeler and L. N. Archer, well known citizens.

Japs Not Inferior to Whites.

Boston, Dec. 1.—The annual meeting of the anti-imperialist league was held in this city. President Moorehead, in his annual address, said: "Government by might, the world over totters to its fall." He referred to the war in the Far East, saying that by it "the superstition that yellow men are inferior to white received its death blow." Continuing, he said: "There are those who would have us think that the cause of Philippine independence is lost. We do not believe it. We have not lost our faith in our countrymen. The independence of the Philippines is assured." These officers were elected: President, Mountfield Stacy; treasurer, D. G. Macklin, Jr.; Secretary, Irving Winslow.

ENGINEER SCALDED TO DEATH IN WRECK

Passenger Train on Santa Fe Jumps the Track.

SEVERAL OTHERS ARE INJURED

The Train Was a Double Header, and When the First Engine Left Track the Second Engine Turned Completely Over and Was Demolished.

Las Vegas, N. M., Dec. 1.—Santa Fe passenger train No. 1 westbound, went into a ditch at Romero, 4 miles south of this city, yesterday. Engineer R. B. Bachett was cooked alive by escaping steam and died in great agony. Engineer James Cristol was painfully scalded. G. Smith, of Bath, Me., lost part of his hand; Mail Clerk J. M. Cook, of LaJunta was severely injured in the back and Conductor Schaefer was considerably battered. Several Italians were much bruised and many others received minor injuries.

The train was a double header and the first engine escaped. The second engine left the rails for no reason that can be explained and bounded over 200 feet of track, and then pitched over the bank, rolling completely over.

The express cars, a car of ice and the mail coach turned over and the forward coach was partly telescoped. The chair car and two sleeping cars left the rails.

NAN PATTERSON RETURNS.

With Her Husband from a Pleasure Trip to Porto Rico.

New York, Dec. 1.—Nan Patterson was one of the passengers who arrived on the Ponce. She was accompanied by her husband, Leon G. Martin, and seemed to be the chief attraction on board.

She seemed to have lost considerable weight and bore traces of fatigue. Mr. Martin, her husband, was close at her side, and was clearly ill at ease, surrounded as they were by dozens of curious spectators. The couple had made a round trip in the steamer. Answering a hurried question Mrs. Martin denied absolutely that her absence had been caused by the possibility of Jerome's reelection as district attorney.

"Oh, dear, cannot my past be forgotten, and will not newspaper men let me alone? They followed me into Porto Rico and are after me again. I am going to spend the holidays in the city of Washington. I will never return to the stage. I am done with that forever."

Shoots Wife and Man.

Grand Haven, Mich., Dec. 1.—Frank Dabrowski, Mrs. John Gosiński and Fred Smith were shot on a farm 10 miles from here. Dabrowski and Mrs. Gosiński will probably die, but were able to identify their assailant as John Gosiński, the woman's husband, who arrived from Chicago. Smith is seriously injured, but may recover. Dabrowski has lived but a short time near Grand Haven. When Gosiński arrived he found Mrs. Gosiński in the same house with Dabrowski. He opened fire and wounded Dabrowski and Mrs. Gosiński, whose shrieks summoned Fred Smith, a neighbor. Gosiński then fired on Smith as he was coming to the rescue. A posse is after Gosiński.

Smuggled in Turkey.

Burlington, Vt., Dec. 1.—Deputy Customs Officer G. M. Tobin of Swanton has brought to this city 13,681 pounds of turkey and 1,371 pounds of geese, which were seized from Victor Racicot, an Italian meat man with a place of business in Swanton. The fowls, it was alleged, were smuggled over the line from Canada. The customs officials had noticed large shipments of turkeys through the express office and when Racicot was asked where he obtained them claimed they were bought of farmers in Swanton and Highgate, while the officials claim that he bought only \$40 worth of fowls in this country.

JAIL SENTENCE FOR SENATOR.

Judge Also Imposes a Cash Fine of \$2,500 in Burton Case.

St. Louis, Dec. 1.—United States Senator James Ralph Burton, of Kansas, has been sentenced in the United States court to serve six months in the Iron county jail, fronton, Mo., and to pay a fine of \$2,500 as the penalty for conviction on the indictment charging that he had acted in the capacity of a paid attorney in behalf of the Rialto Grain and Securities company of St. Louis before the postoffice department to prevent the issuance of a fraud order. He was released on bond in the sum of \$5,000 as surety, with R. C. Kerens as security, pending an appeal to the supreme court.

Execution of sentence was stayed pending appeal.

Senator Burton was found guilty last Saturday morning on six counts of an indictment, four of which charged that he agreed to receive compensation for his services as an attorney before the postoffice department in behalf of the Rialto company and two charging that he received compensation.

Judge Vandeventer imposed sentence of imprisonment on one count in each of these two divisions making the terms concurrent, and, in addition, assessed the fine on but one of the counts. At provided in statute 1782 which Senator was convicted of having violated.

Alabamians to Hold Cotton.

Montgomery, Ala., Dec. 1.—A convention of the Alabama division of the Southern Cotton association was held at Montgomery. Harvie Jordan, of Georgia, president of the association was present, and delivered an address. Pledges were received for holding 25,000 bales of cotton for 15 cents a pound and a campaign to remove from the market all cotton yet in the hands of the growers was started. Congressman Henry D. Clayton, of the third Alabama district, addressed the planter and inveighed against speculation in futures. About 200 representative cotton growers from all parts of the state were present.

Jury of Women Decide Case.

Richmond, Va., Dec. 1.—The first jury composed exclusively of women ever convened in this state was empanelled in Winchester to try a case in which Madame Zentmyer, a dressmaker, was defendant and Mrs. Juliet Hathaway, one of her customers, plaintiff. Mrs. Hathaway sued to recover the price of a gown which she alleged did not fit properly. Justice J. M. Johnson tried the case. Mrs. Hathaway and the dressmaker both tried on several costumes during the taking of the testimony for the benefit of the jury. When the jury retired it was to resolve itself into a debating society in which fashions in general were discussed.

Fell Dead When Paid Bond.

Shelbyville, Ind., Dec. 1.—A few weeks ago a wayward grandson of Otis Wilson was arrested on a charge of highway robbery. The bond was placed at \$500, which, after much persuasion, the old man signed. The young man left soon for parts unknown. This, however, was kept a secret until a few days later, when the grandfather was informed that he must find the young man. When told that he must pay the \$500 immediately, the old gentleman became visibly affected, and a few minutes later was found dead.

Pickpockets Secure Much Booty.

Buffalo, N. Y., Dec. 1.—Jewelry worth from \$1,000 to \$4,000 were found in an alleged pickpocket pocket by detectives here yesterday. The prisoner gave the name of Walter Dixon and boasted that he was well known to the police of the west. The jewelry found on him was stolen from the home of former Mayor White, of Woodstock, Ont., on Tuesday.

Officers Confiscate Turkeys.

Los Angeles, Cal., Dec. 1.—The city health officers yesterday confiscated shipments of Thanksgiving cold storage poultry from the eastern markets valued at \$5,000. The bad condition of many of the shipments was due, it is stated, to the poor refrigeration of cars.

BUBONIC PLAGUE IS RAGING IN YOKOHAMA

Vessels Sailing Will Not Get a Clean Bill of Health.

VALIANTLY FIGHTING SCOURGE

Japanese Physicians, Who Are Among the finest in the World Are Doing All in Their Power to Stamp Out This Dreaded Disease.

Seattle, Wash., Dec. 1.—Bubonic plague is raging in Yokohama, according to officers of the steamship Dakota and possibly no more vessels will be given a clean bill of health until the scourge is wiped out. Four deaths had resulted from this disease before the steamer Dakota sailed, and many reports of sickness were received.

William M. Lopp, surgeon on the steamer, stated that few, if any, more vessels will be allowed to leave Yokohama.

"The Japanese authorities are taking every precaution to prevent the spread of the dread disease," said Dr. Lopp, "but in spite of all they can do, many deaths will result. There is little doubt but that the city will be quarantined. In fact, it is the only way to stamp it out. The Japanese physicians are among the finest in the world. They go into everything thoroughly and take elaborate precautions to prevent the contagion from spreading."

CONFERENCE AT WHITE HOUSE.

Republican Politicians Discuss at Length the New York Situation.

Washington, Dec. 1.—A long conference was held at the White House regarding New York politics, especially relating to a choice of a chairman of the New York county Republican committee. The parties to the conference were the president and representative J. Van Vliet Olcott, of New York city. Secretary Root was present during a part of the interview.

After being in the president's office for more than an hour Mr. Olcott left the White House to see Senator Platt of New York. He declined to discuss the details of the conference, but admitted that it related to New York politics. He is a candidate for the chairmanship of the New York county committee. It is known that Representative Herbert Parsons has strong support for the chairmanship of the committee. Senator Platt is backing Representative Olcott for the place.

Tragedy in Georgia Town.

Monroe, Ga., Dec. 1.—J. Tom Long, a merchant of this place, shot and instantly killed Joe Toole, his clerk, in his store in this city. The parties, it is said, were drinking, and it is difficult to find just how the tragedy occurred. Long claims that Toole had a shotgun, which he was attempting to use on Long. A bystander grappled with Toole, and took the gun away from him. Toole then attempted to draw a pistol from his pocket, when Long shot. Long is a dealer in bicycles, buggies and wagons. He is 26 years old and has a wife and one child. Toole was 25 years old, unmarried. His people live in Clarke county. Long is now in jail.

Georgian Mysteriously Disappears.

Albany, Ga., Dec. 1.—The whereabouts of W. J. McKerrill, who has been missing for two weeks past, is of great concern to his family and friends in this city. It is believed that Mr. McKerrill wandered away from home while under a spell of mental aberration, but the failure of all efforts to find any clue as to his whereabouts is causing those who are interested in him much uneasiness. Mr. McKerrill is believed to have suffered from mental trouble for a year or more, and on a previous occasion he disappeared for a week. Mr. McKerrill is a member of a prominent South Carolina family, and lived in Augusta for a number of years. For the past few years he has lived in Poulan, where, up to a short time ago, he was cashier of the bank of Poulan.

THE ANNUAL BAZAAR.

Woman's Guild of Holy Trinity Church on December 7th.

The annual bazaar held by the Woman's Guild of Holy Trinity Church have become such well known and popular functions it would seem unnecessary to advertise them, except that the one to be held on the afternoon and evening of December 7th at the opera house bids fair to rival any previous one in extent and thoroughness of arrangement.

Every committee represents a force of earnest workers, full of zeal for its respective department, and with the cheerful aid of friends, present and absent, an extensive and elaborate array of articles both useful and beautiful have been secured to supply the demand of a public that has learned to appreciate the efforts that the Guild has always made to please.

The refreshment booth, always a most popular department, has made extensive orders of oysters, poultry, cream, etc., and promises to cater in the most satisfactory manner possible to the most discriminating palate. Mrs. Richards is in charge here with an able corps of assistants.

Another toothsome feature is the candy and flower booth with Mrs. S. J. Thomas as presiding genius, and here an abundant supply of fresh fine candies can be found at a reasonable price.

The fancy work booth with Mrs. D. C. Warner as chairman, the stock, handkerchief and belt booth, Mrs. Coleclough, baby's booth, Mrs. Morrow, and household, Mrs. Phillips, as chairmen, are all to be admirably equipped with a varied assortment of useful and beautiful articles.

The market booth under Mrs. Patton's care will be a rich storehouse of table supplies, mostly homemade, and the handiwork of expert housekeepers. Here are to be found jellies, pickles, jams, bread, pies, cakes, and which will surely find a ready sale.

A new and unique feature of this bazaar will be a palmistry booth under the skilful care of Miss L. Cook, who is an expert in this line. Here your palm may be read and your characteristics described in a thoroughly scientific manner by one who has studied and knows her art. This feature is sure to please.

Everything connected with these bazaar is conducted on a strictly business basis, and each patron may feel sure of getting as nearly his money's worth as it is in the power of the management to give him.

IN THE CIRCUIT COURT.

Only One Case Tried, and Verdict of Murder in Second Degree.

The circuit court convened at 2 o'clock Friday afternoon, after having adjourned for Thanksgiving Wednesday afternoon.

The only case brought before the court Friday was that of the State of Florida vs. James Henry, charged with murder of Paul Roberson at Grove Park on January 18th of the present year.

The prisoner having been previously arraigned and pleaded not guilty, the case went to trial, after empanelling and swearing in the following jury: J. L. Chesser, C. O. Fletcher, J. M. Mason, Alex. Howe, J. A. McKinstry, August Wenske, A. Ahrens, O. B. Bailey, H. C. Roth, J. P. Bauknight, M. F. McCook, W. D. Fagan.

The State introduced five witnesses, defense none, after which argument began. The case was opened by E. Noble Calhoun, son of State's Attorney Calhoun, who spoke for twenty minutes. This young attorney showed conclusively the ability of his father in the profession, and presented a very favorable argument to the jury on the side of the State. He was followed by Attorney Robt. E. Davis for the defense, whom it is not necessary to add made an impressive talk for his client. State's Attorney Calhoun was the next speaker for the State, and he was followed by Hon. James H. Tillman of South Carolina, who came all the way from Edgefield, as he termed "for a matter of justice" to defend a child of a slave who belonged to his father. Governor Tillman spoke only a few moments, but his remarks were eloquent and full of interest.

The jury retired at the supper hour and about 10 o'clock returned a verdict of guilty of murder in second degree, with a recommendation to the court.

DENHAM-BARFIELD.

Very Beautiful Home Wedding of Two Popular Young People.

The marriage of Miss Helen Denham, the accomplished daughter of Captain and Mrs. William Bailey Denham, and Dr. Frederick Green Barfield of Cuthbert, Ga., occurred at the home of the bride's parents, Savannah, Ga., at 8:30 o'clock Wednesday evening.

The event was one of beauty and simplicity in decoration and arrangement, and of wide interest, since the contracting parties have an extensive acquaintance through Florida and Georgia, the bride being a Floridian, and for several years a resident of Gainesville, where she grew to womanhood.

The home was artistically decorated by palms and yellow and white chrysanthemums, no other flowers being used except in the dining-room, where the bride's table was placed and adorned with bride's roses, smilax and tulle.

As the bride descended the stairway with her father, Mendelssohn's "Wedding March" was softly played. Preceding the bride walked her maid of honor, her sister, Miss Bessie Denham. The ribbons were held by Miss Eva Haile of Gainesville and Miss Lina Shields of Richmond, both gowned in white. Mr. John Pasco acted as Dr. Barfield's best man. The marriage service was performed by Bishop Weed of Florida, assisted by the Rev. Francis Alan Brown, the bride being given away by her father.

The bride's gown was of white satin with real lace, made on simple and beautiful lines. The draped bodice had a yoke of chiffon, edged with pearls, below which the lace was laid reverse, extending in bretelles over the pretty elbow sleeves. She wore a wreath of orange blossoms in her tulle veil, and carried an old-fashioned bouquet of lilies-of-the-valley.

An informal reception followed the ceremony, Dr. and Mrs. Barfield receiving congratulations before leaving on their wedding trip.

Dr. and Mrs. Barfield left the same evening for Florida, and expect to spend their honeymoon in this State.

No member of the younger society set in Savannah has been more cordially liked and admired than Miss Denham, and the happy couple were the recipients of hundreds of congratulations.

Dr. and Mrs. Barfield will reside in Cuthbert, Ga., where the former enjoys a lucrative practice.

EARNEST WORKERS' BAZAAR.

One of Season's Most Delightful Functions—Big Crowd Was There.

The Earnest Workers' Society of the First Presbyterian Church gave a bazaar and supper in the opera house Friday afternoon and evening, beginning at 6 o'clock.

The function was well attended and liberally patronized in every department by the good people of Gainesville, since it had been announced that the proceeds would be used on the final payment of the debt overhanging the manse. The opera house was appropriately and tastefully decorated for the occasion, the decorations being admired by all who saw them.

There was plenty of good things to eat, as well as a fine assortment of useful and fancy articles, which found ready sale, with the result that quite a neat sum was realized, which the society appreciates.

A Fearful Fate.

It is a fearful fate to have to endure the terrible torture of piles. "I can truthfully say," writes Harry Colson of Masonville, Ia., "that for blind, bleeding, itching and protruding piles, Bucklen's Arnica Salve is the best cure made." Also best for cuts, burns and injuries. 35c at all druggists.

ACCIDENT IN NEWBERRY.

Dr. E. B. Howell Thrown From Buggy, Receiving Painful Injury.

A pair of horses driven by Dr. E. B. Howell of Newberry began kicking and running as he started out of town to see a patient Wednesday and in attempting to jump from the buggy the Doctor sustained some painful injuries, spraining both wrists. He was also run over by one wheel of the vehicle, and altogether was considerably shaken up, but fortunately the injuries are not considered dangerous, and the victim will be all right in a few days.

Return of Confederate Flags.

Chicago, Dec. 1.—An old confederate battle flag captured in action by the Eighth Illinois cavalry regiment from the Thirteenth Virginia cavalry regiment, was returned to the state of Virginia last night at a meeting at the Great Northern hotel. Colonel D. J. Hines, of the Eighth Illinois veterans, made the presentation, and Harry Lee late sergeant of the Thirty-fourth Mississippi confederate infantry regiment received the emblem in the name of Governor A. J. Montague, of Virginia. The flag was captured at Polkville, Md., Sept. 7, 1862, and has been in the possession of the captors since then.

Husband Horsewhipped Wife.

Van Wert, O., Dec. 1.—Richard Angevine, Jr., yard foreman of the Cincinnati Northern, and his wife, separated a few weeks ago. Angevine drove to the house where his wife is staying and, it is alleged, endeavored to kidnap his three-year-old son. The mother says she caught him in the attempt, and alleges that he and a male companion in a buggy used a horsewhip upon her. Later she swore out a warrant for his arrest for assault and battery. When he was taken into custody she regained possession of the son.

Failed.

All efforts have failed to find a better remedy for coughs, colds and lung troubles than Foley's Honey and Tar. It stops the cough, heals the lungs and prevents serious results from a cold. J. N. Patterson, Nashua, Iowa, writes: "Last winter I had a bad cold on my lungs and tried at least half a dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and two-thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world." J. W. McCollum & Company.

Corbett Becomes a Banker.

New York, Dec. 1.—James J. Corbett is now a banker. From the prize ring to the swivel chair of the financier is a long jump, but, as everybody knows, Gentleman Jim has taken it in easy stages. He was elected a member of the board of directors of the Bay side (Long Island) National bank last week. Former Congressman Frederick Storms is president and Geo. Roe is secretary. James J. Corbett has ambitions in the line of being a bank officer himself. Once before he went into the prize ring he was a bank clerk in San Francisco.

P. G. Ramsey of Wacahoota and A.
E. Edgel of Alachua were among those
who came to Gainesville on business
yesterday. Mr. Ramsey states that
beans and peas are moving from his
immediate section, but so far no
lettuce has been shipped this season.

Prof. W. N. Sheats, principal of the
University Graded and High School,
has returned from a visit to Tampa
and the State Fair. He is well pleased
with what he saw of the big fair, espe-
cially the educational exhibit, which
naturally interested him more than
anything else.

The attending physician reports that
the condition of Bloxham Dell, who
has been seriously ill with hemorrhagic
fever for the past few days, is consid-
erably improved. This will be grati-
fying news to the numerous friends of
the young man, who felt anxious about
him during Sunday and Monday espe-
cially.

Wm. Hogan and John P. Entenza of
Waldo were in the city Thursday night
for the purpose of "riding the goat" in
the Benevolent and Protective Order
of Elks, which they did to the satis-
faction of themselves and the mem-
bers of Gainesville Lodge. Mr. Hogan
is the efficient agent of the Seaboard
Air Line at Waldo.

Keep Your Head Clear

And your stomach free from indiges-
tion if you would be happy with your
family and your fellow-men.

The sweet thing on earth to get a man's
head "out of whack" is heavy, soggy bread,
which is caused by several reasons. First, the
material may not be good; second, the cook-
ing may be poor. The best flour in the world
will make the heaviest bread if improperly
mixed or cooked. WE USE THE BEST
FLOUR and our "long cut" is known how to
mix and bake it. Our bread does not cost any
more than other breads, and is much healthier
than most other breads.

The Cause of Many

Sudden Deaths.

There is a disease prevailing in this
country most dangerous because so decep-
tive. Many sudden
deaths are caused
by it—heart dis-
ease, pneumonia,
heart failure or
apoplexy are often
the result of kid-
ney disease. If
kidney trouble is
allowed to advance
the kidney-poison-
ed blood will at-
tack the vital organs, causing catarrh of
the bladder, or the kidneys themselves
break down and waste away cell by cell.

Bladder troubles almost always result
from a derangement of the kidneys and
a cure is obtained quickest by a proper
treatment of the kidneys. If you are feel-
ing badly you can make no mistake by
taking Dr. Kilmer's Swamp-Root, the
great kidney, liver and bladder remedy.

It corrects inability to hold urine and
scalding pain in passing it, and over-
comes that unpleasant necessity of being
compelled to go often through the day,
and to get up many times during the
night. The mild and the extraordinary
effect of Swamp-Root is soon realized.
It stands the highest for its wonderful
cures of the most distressing cases.

Swamp-Root is pleasant to take and is
sold by all druggists in fifty-cent and
one-dollar size bottles. You may have a
sample bottle of this wonderful new dis-
covery and a book that tells all about it,
both sent free by mail. Address, Dr. Kil-
mer & Co., Binghamton, N. Y. When
writing mention reading this generous
offer in this paper. Don't make any
mistake, but remember the name, Swamp-
Root, Dr. Kilmer's Swamp-Root, and the
address, Binghamton, N. Y., on every
bottle.

tant from Otter Creek, and employs a

Gainesville Lodge No. 990, B. P. O.
E., held on Thursday evening one of
the most enjoyable and successful
meetings in its history. The meeting
was well attended and five fawns were
initiated into the mysteries of Elk-
dom. The lodge will hold its regular
memorial service in the lodge room
Sunday evening, beginning at 8
o'clock, in compliance with the laws of
the order. Upon this occasion Rev. S.
B. Rogers, chaplain of the Gainesville
lodge, will deliver the address. All
members of the order are requested
and expected to be present.

VICTIM OF RIFLE BALL.

Young Colored Boy Accidentally Shot
While Hunting Thanksgiving.

So far as has been learned there
only occurred one accident from the
result of Thanksgiving hunters, the vic-
tim in this instance being Mance
Clark, an industrious colored lad, fif-
teen years of age, who was accidentally
shot by a companion while hunting a
short distance from the city. The boys
had gone out for an afternoon's sport.
They carried small rifles, 22 bore, and
just after reaching the outskirts of the
city the rifle in the hands of his com-
panion was accidentally discharged,
the ball striking young Clark in the
right side.

Frightened almost into convulsions
the companion rushed to the city to
spread the news and assistance
responded. He was brought to his
home, 801 N. Garden street, when
a physician was summoned. It
was discovered that the wound was not
of a serious nature, though the ball
had not been extracted, and last night
the victim was resting easily.

Coughing Spell Caused Death.

"Harry Duckwell, aged 26 years,
choked to death early yesterday morn-
ing at his home in the presence of his
wife and child. He contracted a slight
cold a few days ago and paid but little
attention to it. Yesterday morning
he was seized with a fit of coughing
which continued for some time. His
wife sent for a physician, but before
he could arrive another coughing
spell came on and Duckwell died from
suffocation.—St. Louis Globe Demo-
crat, December 1st, 1901." Ballard's
Horehound Syrup would have saved
him. 25c, 50c and \$1. Sold by W. M.
Johnson.

Marriage Licenses.

County Judge Mason Friday issued
licenses to wed to Willie Chappel and
Annie Brown, A. J. Fletcher and La-
vernia Martin, white, and Scott Greg-
ory and Hattie Boston, Lum Patter-
son and Georgiana Moseley, colored.

Notes of Personal Interest Regarding
That Thriving Burg

Lochloosa, Nov. 30—Mr. and Mrs.
C. V. Fowler returned to Gainesville
Wednesday, after a short stay with the
latter's parents, Mr. and Mrs. J. R.
Tompkins.

I. W. Stewart left a few days ago for
Silver Springs, where he will work
with J. P. Tompkins.

W. T. McEwen of Hawthorn has re-
cently moved to our town and occu-
pies the section house.

Mrs. J. G. Pace of Nocatee returned
home Wednesday, after a short stay
with W. A. Pace.

Denzil Strange of Hawthorn visited
his cousin, J. D. Caldwell, Wednesday.

Mrs. J. E. Cochran and daughter,
Annie, made a flying trip to Island
Grove Tuesday.

C. D. Sanders, who is clerking for
Wade, Son & Co., made a flying trip to
Hawthorn Sunday, to see his sister.

Services were held at the Baptist
church Sunday by the pastor, Rev. W.
F. Malphure.

Remarkable Cure.

"I was much afflicted with sciatica,"
writes Ed C. Nud, Iowaville, Sedgwick
Co., Kan., "going about on crutches
and suffering a deal of pain. I was
induced to try Ballard's Snow Lin-
iment, which relieved me. I used
three 50c bottles. It is the greatest
liniment I ever used. Have recom-
mended it to a number of persons.
All express themselves as being bene-
fited by it. I now walk without
crutches, able to perform a great deal
of light labor on the farm." 25c, 50c
and \$1. Sold by W. M. Johnson.

The Twentieth Century Club.

On Monday afternoon, Nov. 27th,
the Twentieth Century Club met as
the guests of Mrs. Bramley at the
home of Mrs. C. A. Colclough, with
the president in the chair and Mrs. J.
B. Gerald as leader.

There was a good attendance, and
five new members added to the roll.

After the regular order of business
the literary program was opened with
a paper by Mrs. N. D. Phillips, "The
Russian Spy System, Nihilism and
Teaching Nihilists," followed by one
from Mrs. Gerald on "Siberia, the
Land of the Exiles." Both of these
were most instructive and enjoyed by
the club.

Mrs. L. C. Smith's reading on
"Agricultural Russia" concluded the
program, after which the club ad-
journed to meet December 11th with
Mrs. W. M. Dale.

Cured Paralysis.

W. F. Baily, P. O. True, Texas,
writes: "My wife had been suffering
five years with paralysis in her arm,
when I was persuaded to use Ballard's
Snow Liniment, which cured her al-
right. I have also used it for old
sores, frostbites and skin eruptions.
It does the work." Sold by W. M.
Johnson.

SUNSTROKES.

Senator Burton of Kansas can write a book "From the Senate to Jail, of the Trials of Bleeding Kansas." His official career is ended.

The holiday season is near at hand and the people are now consulting the advertising columns of the papers to know where and what to buy.

It is at the finish of the race that we should watch out, lest we stumble and fall just close enough to the goal to lose the contest.

Alachua county may not cut much of a figure on dress parade, but when it comes down to actual service is where she plays her long suit.

Marion county may not be much on display at home, but at the fair is the place where they shine. Hurrah for Marion county.

"P. R. H.," in the Kick Kolum of The Jacksonville Metropolis, objects to having dogs' tails cut off, asserting that they are not long enough to "wag," so you can tell whether they have the rabies or not. But if a dog's tail is cut off just back of the ears you can rest assured that he will never go mad.

It is reported that Admiral Rojestvensky slipped his grip out of the window and left Japan without paying his board.

South Carolina negroes have gone into the newspaper business at such a lively rate that labor is said to be scarce in that State.

President McCurdy discovered that he could not stand the cut in his salary, so he has resigned and will now write for the magazines.

While sailors were being frozen to death on Wednesday at West Superior, Wis., the people of this section were enjoying beautiful weather.

President Roosevelt has declared himself opposed against bossism in New York. He declared something about contributions in the fall of 1904.

When the Republican bosses want to put up a bluff at reform they improve an "off year" and let the Democrats win. By so doing they can dispose of any in the party who may show signs of trying to work reforms and rally round the bosses for the next battle.

From all over the State we note that the high schools are increasing in attendance, and under the Buckman law it is but natural they should. By the abolishing of the numerous preparatory schools in the State and raising the standard of the high schools in nearly every city and village, the course of study being sufficient to prepare students for the State University, there has been more of an interest manifested and young ladies and young men could remain at home schools without the extra expense of going away and paying for their board. Yet there are some who claim the Buckman law is injurious to the education of the mass of our young people.

ACCEPT OUR THANKS.

The people of this county should be under everlasting obligations to the good Tampa Tribune for letting us down so easy on our position at the State Fair. We shall always feel grateful, and will know what to do at the next contest. The Tribune says: "Alachua, fifth in general exhibit—first in cotton, second in agriculture and live stock, and near to the top in other lines, takes the fifth prize easily, and, in such a competition, where every product of the soil was entered in the endeavor of high honors, the rich county which is to be the main seat of learning of Florida, has no reason to hang its head in shame. Major Tench made a showing that could not have been excelled with the resources placed at his disposal, and he has done much for the future progress and prosperity of the people he represented. Alachua will derive benefits from its participation in the fair greater than any that goes with the winning of ribbons and purses."

But the people of Alachua can rest assured of the fact that they have the best cotton in the State, as good stock as can be shown anywhere in the South, and when a complete show of our resources in all branches is made, we will be right at the head.

INDUSTRIAL EDITION.

The Gainesville Sun has issued an industrial edition which reflects great credit on that paper, and is an index of the character and enterprise of the residents of Gainesville. The edition of The Sun has thirty-two pages with an ornamental cover, and the whole paper is profusely and finely illustrated, and its subject-matter will be of great benefit to those who wish to know all about Gainesville and prosperous Alachua county.—The Miami Evening Record.

The Industrial Edition of The Gainesville Sun, recording the growth, progress and development of Alachua county, is out. The edition is all that could be desired. It is in magazine form, covers thirty pages, and is replete with descriptive writing of the soil, productions, natural advantages and commercial developments of the county. Many illustrations set off the edition and aid materially in making it a production of which Editor McCreary and associates can and should well feel proud.—Daily Miami Metropolis.

The Gainesville Industrial Edition is a beauty. Soon as you see the outside you want to see the inside. And you are not disappointed. Pretty pictures of prominent places and beautiful homes in Gainesville and Alachua county greet you as you turn page after page of fine half-tones and beautiful letter-press work. We haven't had the time yet to read about all the good things in Alachua county, but we know the story is well told, for The Sun is always painstaking and correct. The edition is a feather in the cap of The Sun and a credit to the whole State, and is bound to wield an influence for good not only to Gainesville and Alachua county but to our entire commonwealth.—Tallahassee Daily Capital.

The Gainesville Sun has just issued an industrial edition that is an exceptionally handsome publication. It is a credit to Harry McCreary and a credit to Gainesville and ought to result in great good to both.—Pensacola Journal.

The special Industrial Edition of The Gainesville Sun was a hummer and should be the means of accomplishing much good in the way of inducing settlers to locate in Alachua county.—West Palm Beach Sun.

The Industrial Edition recently issued by The Gainesville Sun is unusually attractive. It contains pictures of many handsome residences of its prominent citizens and its manufactur-

ing industries. It also shows pictures of its proposed university buildings, also descriptive articles of the varied resources of its county and the progress and thrift of its people. The publication is in every way a creditable one and Mr. McCreary, its editor, is to be congratulated upon its success.—Ocala Banner.

We have received a copy of the Industrial Edition of The Gainesville Sun. It is beautifully illustrated and well written and reflects credit upon the publishers, the town and the purpose for which it was issued.—Jasper Banner.

The special edition of The Gainesville Sun came fully up to expectations—it might be said that Brother McCreary surpassed even what his friends thought it would be. It is gotten up in tabloid form and from "kiver to kiver" is a model of the typographical art. The articles are all well written; the illustrations are good and clear and with a proper distribution will do a world of good for Alachua county and Gainesville. We congratulate The Sun and Harry McCreary on this stroke of enterprise.—Lake City Index.

The Times-Union says that the removal of the University of Florida from Lake City to Gainesville will involve a long and bitter fight and it looks very much that way.—Ocala Banner.

And The Times-Union is in a position to know something about the University matter.

Robbing Yourself

That is just what you are doing when you fail to get regular and sufficient sleep. Your body requires this unconscious period for repair work; without it your nerve energy becomes exhausted, and you are tired, worn-out, nervous, excitable; have headache, neuralgia, indigestion, poor appetite, or other ailments caused by a lack of nerve force. Make it your business to sleep. If you are restless, take Dr. Miles' Nervine; it soothes and strengthens the nerves, and brings sweet, refreshing, life-giving sleep, and gives the organs power to work naturally. Try it to-day.

"I had a severe spell of fever, which left me in a very weak condition and very nervous. I had severe spells of headache and neuralgia, and could sleep but very little. Every effort that was made to recover my strength was of no avail until I began taking Dr. Miles' Nervine. After I commenced to take the Nervine my sleep was profound and restful, and the pains in my head, as well as the neuralgia pains, left me to a certain extent and I grew gradually better."

A vicious bull-dog attacked a little girl at Tampa Tuesday evening, biting her hands and throat in frightful manner. Bystanders came to her rescue and saved her life.

The cigar-makers of Key West may have their strike settled in a few days, as all they wish is to get the same rate of pay that the Tampa workmen get and they will be satisfied.

The trial of Williams, the Pensacola murderer, is now in progress in Marianna. The trial is for the murder of Ed Dansby and it is expected that there will not be a long trial.

The Center Park prisoners of Duval county have been sent out to the turpentine and phosphate camps of Rawls & Company, who have leased the bunch of eighteen, including two women.

Dr. E. C. Edwards of Jacksonville is missing from his home and his wife is much alarmed for his safety. He left the Grand View Hotel at 6 o'clock on Monday evening and has not been seen since.

West Palm Beach will have at least three candidates for the Legislature next year, and Bro. Kendall of The Tropical Sun has already found a place to put the money for the "announcements."

They have "got the habit" of keeping clean in Jacksonville during the past summer and Mayor Nolan is bound to keep up the good work. It is a good thing and should be kept up by every city in Florida.

The Live Oak Democrat of Thursday says that "one of the largest sales of cotton which has taken place in this city for some time was that of yesterday, when M. L. Burnett & Company sold to Gainesville and Savannah parties 270 bales. The cotton was of good quality and brought on an average about \$70 per bale, or nearly \$19,000 for the lot."

According to the ruling of Judge R. Dow McLeod, county judge, the law prohibiting the catching of mullet between the 15th of November and the 31st day of December will not interfere with the fishermen of Wakulla.

DISCRIMINATING LADIES.

Enjoy Using Herpicide on Account of Its Effectiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it always that itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness in killing it. Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send for sample to The Herpicide Co., Detroit, Mich.

The Hand That Wards Off Coughs, Colds, Grip And Restores Nervous, Dyspeptic Catarrh Wrecks.

LIKE A DEMON grip has crossed our country, leaving behind scores of physical wrecks.

Victims of catarrh of the head, catarrh of the throat, catarrh of the lungs, catarrh of the stomach, catarrh of the kidneys, catarrh of the pelvic organs, are to be counted by hundreds of thousands.

Grip is epidemic catarrh, and sows the seed of chronic catarrh within the system.

This is so true that few grip sufferers are able to make a complete recovery until they have used Peruna.

Never in the history of medicine has a remedy received such unqualified and universal eulogies as Peruna.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Cured of Obstinate La Grippe.

Henry Distin, the inventor and maker of band instruments for the Henry Distin Mfg. Co., at Williamsport, Pa., is probably the most active old man in Philadelphia to-day. He writes from 141 S. 9th street, Philadelphia, Pa.:

"I write to inform you that I had a bad attack of la grippe last December which lasted more than three months, and which left me with catarrh, and several of my friends advised me to try your wonderful medicine, Peruna.

"I began with a bottle the first week in March and it certainly did me a great deal of good.

"I was so well satisfied that I purchased another bottle, and followed your directions which you furnish with every bottle, and I am glad to say that it has cured me. I shall certainly recommend the Peruna to all my friends."—Henry Distin.

Congressman Powers of Vermont Uses Pe-Ru-Na in His Family.

Hon. H. Henry Powers, writes from Morrisville, Vt.:

"Peruna I have used in my family with success. I can recommend it as an excellent family remedy, and very good for coughs, colds and catarrhal affections."—H. Henry Powers.

Pe-Ru-Na For Catarrhal Nervousness and Stomach Troubles.

Hon. W. J. Purman, ex-member of Congress from Florida, writes from 1422 Q street, N. W., Washington, D. C.:

"From representations to me, and from my own experience, I feel justified in recommending your Peruna to any and all persons suffering with catarrhal nervousness or stomach troubles."—W. J. Purman.

Two "tourists" who arrived in Jacksonville on a side-door sleeper a few days ago were given 60 days in a turpentine camp by Judge Shaylor. He argued that Jacksonville did not pine for that variety of winter visitors.

The case of Joseph Vickery, who was convicted of killing the negro Isaac Jacobs in Escambia county on March 12, 1904, upon which charge he was found guilty of manslaughter and given a long sentence, subsequently appealing to the Supreme Court, by which retrial was ordered a short time ago, was called in the criminal court at Pensacola Wednesday and postponed until January 26. There is considerable interest in this case, both in Pensacola and surrounding country.

Showman Set Free in England.

London, Dec. 1.—Magistrate Fenwick at the Bow street police court refused the application of the French authorities for the extradition of Joseph T. McCaddon, the American showman, on the ground that there was not sufficient evidence to hold him. McCaddon's American circus was stranded at Grenoble, France, in August last, and McCaddon was arrested at Southampton on Sept. 30, at the instigation of the French authorities charged with the commission of a crime under the French bankruptcy law.

King's Daughter Is Missed.

London, Dec. 1.—Egged on by the social democrats, the unemployed mustered in "strong force" around the church army tents off the Strand and jered and hooted the Princess Royal the Princess Louise, duchess of Fife eldest daughter of King Edward, who performed the ceremony opening the tents which were presented by the king and endowed with \$5,000 from Queen Alexandra's fund to house and feed great numbers of the unemployed who are to chop firewood for this relief. Shouts of "Religious Sweaters" and "Curse their Charity" greeted the princess, and the crowds became so boisterous that a large number of police had to be summoned to disperse them.

Torture of a Preacher.

The story of the torture of Rev. O. D. Moore, pastor of the Baptist church of Harpersville, N. Y., will interest you. He says: "I suffered agonies, because of a persistent cough, resulting from the grip. I had to sleep sitting up in bed. I tried many remedies without relief until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which entirely cured my cough and saved me from consumption." A grand cure for diseased conditions of throat and lungs. At all druggists; price 50c and \$1.00, guaranteed. Trial bottles free.

ATTEMPT TO MURDER ENVOYS.

Infuriated Japanese Wanted to Destroy Peace Treaty With Russia.

Seattle, Wash., Dec. 1.—The attempt to murder the peace delegation and destroy the treaty between Japan and Russia, which was drawn up by the plenipotentiaries in Portsmouth and was witnessed by officers and passengers on the Dakota on the night of her arrival at Yokohama.

Dr. William Lopp, surgeon of the Dakota, in speaking of the incident, said:

"The whole thing happened the night of our arrival at Yokohama. We were lying in Mississippi bay just outside of the breakwater. All the torpedo boats and war vessels which escorted the peace commission were drawn up in a long line. The launch containing the delegation and the treaty left the warship and started for the landing. Suddenly one of the torpedo boats, anchored near the end of the line of battleships, slipped her cable and started after the launch. They made for her at a right angle course. The people on the launch saw the torpedo boat leave the line of crafts and they knew what was coming. The launch was slow and the torpedo boat rushed on like a comet. Like a shot from a cannon she rushed on and in a minute struck the launch, cutting her completely in two and raced on into the darkness. We could see the men struggling in the water and clinging to the pieces of the wreckage of the boats. The launches from the battleships were at once sent to their rescue and saved all but one. The treaty also was saved."

WOMAN KEPT SECRET 18 YEARS.

Had the Body of Her Dead Daughter in Her Home for Many Years.

Los Angeles, Cal., Dec. 1.—An eighteen year vigil beside the dead body of her daughter ended when Mrs. Lora J. Young died at her home in this city.

Neighbors who entered the house of the woman after her death were horrified to find a wooden box in the bedroom with the inscription "Lora L. Thompson, died Dec. 16, 1887, aged 27 years, 2 months and 12 days."

When the box was opened the cause of the midnight vigil in the past of Mrs. Young was explained. Neighbors of Mrs. Young had often noticed that she spent much of her time at night in one corner of the bedroom, always apparently kneeling by some object, but not until death came to the woman did neighbors learn that the body of beautiful Lora Thompson, who died in Amherst, Mass., in 1887, was inclosed in the box which the mother watched with such care.

Mrs. Young's second husband, who died several years ago, is believed to have shared the secret, which was unknown to all others.

Parties Will Hold Caucuses.

Washington, Dec. 1.—The preliminaries for the fight between the Republicans and Democrats of the house on immediate legislation will be arranged by the respective parties in caucuses which are to be held on Dec. 2, at night by the Republicans, according to the official call, and at noon of the same day by the Democrats. Both meetings will be in the hall of the house of representatives. The matters likely to be considered will be the proposed appropriation of \$16,000,000 for the canal commission, the administration railway rate bill and a ship subsidy bill.

Doctors Could Not Help Her.

"I had kidney trouble for years," writes Mrs. Raymond Conner of Shelton, Wash., "and the doctors could not help me. I tried Foley's Kidney Cure and the very first dose gave me relief and I am now cured. I cannot say too much for Foley's Kidney Cure." It makes the diseased kidneys sound so they will eliminate the poisons from the blood. Unless they do this good health is impossible. J. W. McCollum & Co.

Engineer Blamed for Wreck.

Concord, Mass., Dec. 1.—At the conclusion of an inquest into the accident at Lincoln last Sunday on the Boston and Maine railroad, when eighteen persons were killed and twenty others injured, Horace W. Lyons, the engineer of one of the trains in collision, was held for the grand jury on the charge of manslaughter. The hearing was secret. Lyons was held in \$1,000 bail.

Millions rush in mad chase after health, from one extreme of faddism to another, when, if they could only eat good food, and keep their bowels regular with Dr. King's New Life Pills, their troubles would all pass away. Prompt relief and quick cure for liver and stomach trouble. See at all drug stores; guaranteed.

THE "LOST ARTS."

They Are Not So Much Lost as They Are Discarded.

"Not so many years ago it was quite commonly asserted that modern workmen could not quarry, or, having quarried, could not handle stones as large as the monoliths of Egypt," says a scientist, "and the writer has heard a public speaker of note assert that it would be impossible to handle, with modern implements, such large stones as were used in the pyramids or to join them as perfectly as they are joined there. Yet, when occasion arose, larger stones than any of these were quarried in Maine, and some of the larger monoliths themselves were transported not only to sea, but across it and erected in England, France and America."

"There are individuals today who might if they chose cause the transportation to and erection in this country of the largest pyramids or build new ones ten times larger and more durable. Pyramids are not being generally built nowadays because they are not in line with the trend of modern ambition, that's all."

"It is very doubtful if a 'Damascus blade' would stand half as severe usage as a modern band saw blade or even as much as the spring of a forty cent clock, while the ornamentation of those wondrous blades, so far as the mechanical execution is concerned, can be excelled by apprentices and amateurs of today."

NEWSPAPERS.

Striking Things That Great Men Have Said About Them.

A correspondent requests that we print some of the striking things great men have said about newspapers—that is, sayings that embody the purpose and doings of the press. With pleasure.

Bryant said: "The press is good or evil, according to the character of those who direct it. It is a mill that grinds all that is put into its hopper. Fill the hopper with poisoned grain, and it will grind it to meal, but there is death in the bread."

James Parton said: "The newspaper press is the people's university. Half the readers in Christendom read little else."

Jefferson said: "The basis of our government being the opinion of the people, the very first object should be to keep that right, and were it left to me to decide whether we should have a government without newspapers or newspapers without a government I should not hesitate a moment to prefer the latter."

Cardinal Gibbons said: "The dread of exposure in the public press keeps many a man sticking close to the path of rectitude who otherwise would stray off into the byways of graft."—Chicago Journal.

LaGrippe and Pneumonia.

Pneumonia often follows lagrippe; but never follows the use of Foley's Honey and Tar. It cures lagrippe, coughs and prevents pneumonia and consumption. Ask for Foley's Honey and Tar and refuse any substitute offered. Mr. G. Vacher, 137 Osgood street, Chicago, writes: "My wife had a severe case of lagrippe three years ago and it left her with a terrible cough. She tried a bottle of Foley's Honey and Tar and it gave immediate relief. A 50-cent bottle cured her cough entirely." Refuse substitutes. J. W. McCollum & Company.

Ever Read a Cento Book?

"This volume," said the bibliophile, "is a cento. It is composed of detached sentences taken from the works of Thackeray. It makes a novel, sensible, but short, and it was composed in seven years by a bedridden baroness. The best known cento is probably the Empress Eudoxia's 'Life of Christ,' made entirely of lines from Homer. There is a similar life, composed by Ross, that consists wholly of detached lines from Virgil. Centos are often very valuable. One compiled by Alexander Hamilton from Milton's 'Paradise Lost' sold not long since for \$500. The book was a history of America."

A Plague of Caterpillars.

Of the plague of caterpillars that overran the Scottish lowlands in 1851 Richard Bell in his book "My Strange Pets" says, "The caterpillars marched in armies straight ahead, and the consequence was that when they encountered 'sheep drains,' which are open drains about eighteen inches deep and eighteen inches wide at the top, they tumbled into them in such numbers that their dead bodies dammed up the water and they might have been taken out in barrow loads."

The Requisite of Beauty.

The first requisite of beauty is a clear complexion. Orino Laxative Fruit Syrup clears a sallow, blotched complexion, as it stimulates the liver and bowels, and the eyes become bright and clear. You owe it to your friends to take it if your complexion is bad. Orino Laxative Fruit Syrup does not nauseate or gripe and it is very pleasant to take. Refuse substitutes. J. W. McCollum & Company.

TORTOISE SHELL.

Best Imitation of It Is Made of Celluloid.

"Celluloid makes the best imitation of tortoise shell," says a manufacturer. "It has the requisite hardness and luster and approximates so closely to the real shell that, although I have handled both products many years, I cannot always tell one from another at a glance. Of course I can do so by making a close inspection. The ability to distinguish shell from celluloid by the appearance can only be acquired by years of experience in handling both."

"The principal way in which celluloid is revealed is in its susceptibility to the influence of heat. Hold a celluloid comb in your hand and the heat of the body will cause the teeth, after a few moments, to give a trifle, and there is not the elasticity in springing back that you will observe in real shell. Tortoise shell will not bend unless subjected to heat at the boiling point. There is, of course, a great difference in the celluloid employed in manufacturing combs, and some of the combs that are put out under that name are not entitled to the designation. Even when the celluloid is of the highest grade it then should be seasoned from three to twelve months in order that there may be no danger of it shrinking."—Jewelers' Circular.

A JAPANESE LEGEND.

The Girl Fish and the Shinto Shrine at Choshi.

Most Shinto shrines in Japan have a story. Here is one which is told of the leading shrine of Choshi: A traveler was entertained in the home of a rich man. A daughter of the host fell in love with the traveler, who did not care for her because she was ugly. Being under obligation to the family, he could not ignore the girl's love, so he told her that he meant to drown himself the next day. She decided to do the same and did it. The traveler gave up the idea—if he ever had it.

One of the gods changed the girl into a fish, and to this day the fishermen of the town often see that particular fish in the waters near their shores. Sometimes she is caught in the nets, but she is always reverently returned to the sea. A shrine was erected on the hill above the town and dedicated to the memory of the girl fish.

Before starting out to sea the fishermen go to this shrine to pray for good luck, and in their absence the families continue to invoke the favor of the god. A storm at sea or absence of good luck means that the fish god has been offended and must be appeased by special offerings.—Chicago News.

PANTS AND VESTS.

The Difference Between Them and Trousers and Waistcoats.

Why do the trade journals ignore the word "pants," and what is the difference between "trousers" and "trousers" and between "vest" and "waistcoat?" asks a correspondent of the Clothier and Furnisher.

"Pants" is an abbreviation of "pantaloon," a word foisted upon us by the French, though possibly derived from the Italian "pantaleone," which, according to the poet Byron, has an ill defined connection with the lion of St. Mark's in Venice. "Trousers" is old English modernized into "trousers," which is the proper spelling. "Vest" is an abbreviation of "vestment." Another poet, Oliver Wendell Holmes, traces it to Londoners in his line which says:

The dangerous waistcoat, called by cockneys "vest."

Gentle usage declares "pants" to be vulgar, though it and "pantaloon" and "vest" have their place in trade and so receive recognition. We end the matter with another quotation from Holmes:

The thing named "pants" in certain documents, A word not made for gentlemen, but "gents."

What is an Editor?

Some boys in an English school were asked the other day to define "editor." Here are some of their definitions: "An editor is a man who handles words." "An editor makes his living out of the English language." "An editor is somebody who does not do anything himself, and when somebody else does goes and tells other people all about it." "An editor is a man who has the industry of a beaver, the instincts of a bee and the patience of an ass."

What Became of Methuselah?

According to the Bible, Methuselah began Lamech and lived 782 years thereafter. Lamech lived 182 years and begat Noah. Noah was 600 years old when the flood occurred.

Was Methuselah drowned?—New York Times.

Eavesdropping.

She—I wouldn't be surprised if the servant girl were listening at the keyhole. He—Nor I. That's a woman's trick. She—Oh, indeed? He—Of course. That's why it's called Eve's dropping.—Philadelphia Press.

In the temperate zones the maximum of heat is attained about a month after the longest days.

NOTICE OF INCORPORATION.

TO WHOM IT MAY CONCERN:

Notice is hereby given that on the 3rd day of January, A. D. 1906, application will be made to His Excellency N. B. Broward, Governor of the State of Florida, for Letters Patent for the organization of a corporation known as The Crescent Manufacturing Company, with its principal office at Gainesville, in Alachua county, Florida. We submit herewith the proposed charter of the said corporation.

This first day of December, A. D. 1905.

PROPOSED CHARTER OF THE CRESCENT MANUFACTURING COMPANY.

The parties whose names are signed hereto have and do hereby form and organize themselves into a corporation, under and pursuant to the laws of the State of Florida, and submit these Articles of Incorporation:

ARTICLE I—The name of this corporation shall be The Crescent Manufacturing Company. The principal office of said corporation shall be at Gainesville, in Alachua county, Florida. This corporation shall have the right to establish other places of business within the State, where it may secure property, or desire to conduct business.

ARTICLE II—The nature of the business to be transacted by this corporation shall be to buy, hold and sell real estate and personal property; to buy and sell timber and timbered lands and naval stores; to manufacture, deal in and sell naval stores, lumber and lumber supplies, and to deal generally in naval stores, and to conduct a mercantile business in connection therewith; and when necessary for the purposes of this corporation, it may build, equip and operate railroads, may dig canals, may equip and operate steamboats and other means of transportation.

ARTICLE III—The capital stock of this corporation shall be Fifty Thousand Dollars (\$50,000.00), to be divided into Five Hundred shares, of the par value of One Hundred Dollars (\$100.00) per share. One hundred and fifty shares shall be issued at once to the incorporators, upon the payment by them of the par value thereof as subscribed. The balance of said stock shall be held as Treasury Stock, and may be hereafter issued, as may be provided by the by-laws of this corporation and by authority of the stockholders of this corporation, but no stock shall be sold for less than par.

ARTICLE IV—This corporation may continue for the period of fifty years.

ARTICLE V—The business of this corporation shall be conducted by a President, Vice-President, Secretary and Treasurer, and a Board of Directors consisting of seven members, a majority of whom shall constitute a quorum. Said officers shall be chosen from the stockholders of said corporation, annually, on the first Saturday of January of each and every year, and the said Board of Directors may appoint any other officers, agents or employees, or authorize the President or Vice-President to do so. Until the election and qualification of other officers the following shall be the officers of this corporation: T. W. Shands, President; W. W. Hampton, Vice-President; L. J. Clyatt, Secretary and Treasurer; and T. W. Shands, W. W. Hampton, L. J. Clyatt, Antoine Paul, B. F. Hampton, J. B. McDonald and L. B. McDonald, Directors.

ARTICLE VI—This corporation may incur and contract for indebtedness to the extent of Fifty Thousand Dollars (\$50,000.00).

ARTICLE VII—The names and residences of the stockholders of said corporation are as follows:

T. W. Shands, Gainesville, Fla., 30 shares, \$3,000.00.
J. B. McDonald, Gainesville, Fla., 30 shares, \$3,000.00.
